

## **Auburn YMCA-WEIU AR Pool Procedures**

**Reservations will be accepted 24 hours in advance  
Please be on time... if you do not arrive within 15 minutes  
of your reservation, your time slot will be forfeited.**

**Ages 10-13 will be allowed to use the pool for laps and will be required to have a parent/guardian present to sign a waiver form. This is a onetime form.**

- Swimmers will need to make a reservation with the Member Service Desk for a 45 minute swim time. There will be 1 person per lane and the lane can be used for swimming, water jogging or water exercises (asking members to please reserve lane 1 for those activities).
- Members will be allowed to use the Family locker room before and after their swim. The space will be open for 15 minutes prior to their swim and 15 minutes afterwards. Do encourage members to come dressed to swim. The family locker room will not be used for storage.
- Swimmers will be required to shower before entering the pool. Once exiting the family locker room the space will be disinfected by maintenance and/or an additional lifeguard.
- There will be space on the bleachers for swimmer's belongings, corresponding to the lane number that they reserved.
- At the end of each lane will be a chair that will have a kick board and a pull buoy for use if the member so wants.
- They will have 45 minutes to swim and at that time the lifeguard will clear the pool. They will be able to leave the facility wet or they can use a family locker room to change. Once one space as been used it will be disinfected prior to the next person entering.
- High touch points and equipment that was used will be disinfected and the lifeguard will set up for the next group of swimmers.
- Reservations will be made every 1.25 hours to accommodate the family locker room and reduce congestion in those spaces.
