Call to order at 5:07 pm by Bob Scarbrough

Item	Decision & Action
	Required

## Introductions:

Bob Scarbrough called the meeting to order and began by acknowledging new members and attendees and suggested everyone introduce themselves.

# Mission Moment: Audra Jakaub

Audra Jakaub School Aged Childcare Director shared success stories. One young man was able to continue attending Y program due to receiving a scholarship. His father is incarcerated, and mom could no longer afford costs as a single mom with only one income. This scholarship allowed him to continue attending the program, keep friendships, and to maintain some sort of normalcy during this difficult time. has autism and older brother left for college so there was no one to watch him after school. We provided a scholarship for that too, so he has a safe supervised place to go after school. Our staff at that site also works at his school so they are familiar with his needs.

Audra provided information about programs and hours for each site: Auburn YMCA-6:30am-8:30am and 3pm-5:30pm Weedsport and Owasco-7am-8:30am and 3-5:30pm Moravia -2:30pm-6pm- due to so many parents coming from Ithaca

Lots of activities for the summer such as: Dan the Snake man, The African Drummers, The Rev Theatre. Many of our kids wouldn't have the opportunity to see these if they didn't come here. Summer for 40 kids-6:45am-5pm.

School's Out Program-7am-4:30pm numbers are back to normal from COVID.

Amy Wallner also spoke about a new relationship/partnership with Booker T. Washington. Audra has a special certification to offer babysitting courses to youth.

# **Consent Agenda:**

Conflict of Interests Approval of BOD minutes for March 2024 Approval of Committee Minutes

Chris White questioned the amount of 24 dollars listed under supplies on the March 2024 variance report. This was a typo, and the amount should be 24k to match the

# Finance Report: Anne Marie Smith

Salaries, Benefits, are below MTD budget. As YTD comparison revenue results in a 60.4% revenue. This is exciting to be within the metrics, starting to see the benefits from changes in staffing, and restructuring

Anne Marie Smith explained the \$50 application fee for The Auburn Downtown Mile listed under Special Events and Rental Revenue is just one example of items the finance committee is reviewing to determine how to handle moving forward.

Investment Income was reviewed, Tompkins Savings Account interest and Maintenance Reserve accounts are on par with 2024's budget. A

N/A

Approved unanimously No Conflicts of Interest.

**Motion**: Bob Scarbrough Move to approve the March Finance Report

Approved unanimously

transfer of \$30K from the General Endowment account into our operating account did occur as budgeted.

Travel expenses are related to hotel stays for the state Swim Meet where the E boys (8Yrs old and younger) won The State Championship with 4 boys. Three team records were broken, and two swimmers made it to USA Zones. Dues and Fees are on par with budget.

Update on AR Pool Pump Project was provided. The project is complete, however there is still a pluming invoice needed to finalize total cost.

Bob Scarbrough inquired about current grant contributions figures compared to previous years specifically Emerson and Metcalf. After additional input it was determined this was not a provided additional input confirming this was not a decrease in amounts.

Resolution: To add Michael Barrigar to Tompkin accounts.

**Motion**: Anne Marie Smith to approve two resolutions adding Michael Barrigar to bank accounts.

**Approved:** Unanimously

# **Board Chair Report: Bob Scarbrough**

Bob Scarbrough provided update on the NAYDO conference he attended along with Cheryl Pusztai and Amy Wallner. The cost to attend was almost completely funded (for all 3) by a grant Amy applied for and received. Shared several concepts and experiences such as a facility he visited with glass walls between kitchen where parents could watch their children attending programs while in the fitness areas. He also Introduced the term "Friend raiser".

Bob Scarbrough and Anne Marie Smith met with the Friends of Emerson. Exploring possible collaborations and opportunity to work together on future endeavors. Potential offering for YMCA BOD to sit on their committee. Several individuals expressed interest and discussions will continue.

## 2024 Capital Projects: Chris White

Building and Risk Committe met at camp last night (Monday April 15,2024). Driveway to be addressed soon by Soil and Water.

A plan is needed to better prepare for the closing at the end of the season to ensure items are better maintained. He suggests having

more continuous conversations about camp to make more preparations rather than starting discussions in April. He inquired about the reserve for camp and when the last time used.

Bob Scarbrough and Chris White both agreed the infirmary is acceptable and looks much better than anticipated.

Chris White, Bob Scarbrough, and Amy Wallner continued speaking about cabin roofs, driveway, drainage, tree issues. Kelley Gridley suggested contacting BOCES for programs to potentially help with repairs.

Anne Marie Smith referenced getting into a maintenance routine much like OCC dorm operations (start/ end of each semester).

# Camp:

Jeff Herrick, Kim Cuipylo, and Amy Wallner all met with Duane from the Health Department. He states in comparison to other camps who are struggling we are one of the best. Amy Wallner provided updates about permits, changes, etc. For example, no overnight stays at Family Picnic or another permit would have to be obtained.

A new sign has been obtained and it will go by the road.

Bob Scarbrough and Cheryl Pusztai had a meeting earlier in the day discussing the importance of camp and the high priority to ensure it continues. This sentiment was acknowledged by numerous committee members.

# **Bylaws-Approval**

# **Annual Campaign: Amy Wallner**

Amy Wallner and Erin Johnson met with Chris Mahar, The Athletic Director for AHS about 2024-205 swim season. Pool rental fee will begin September of 2024.

Friends of the YMCA quarterly newsletter

Donor Social- May 14, 4pm to 6pm Updating current CEO office space into a conference room. Please help be on the lookout for donated table and chairs to fit 8-12 ppl. 9 or 10ft X 4ft.

Campaign updates-almost \$50,000

Update/Reminder of Upcoming Events:

United Way celebration was held at the Y in April, around 60-70 in people in attendance

Healthy Kids Day scheduled for Sat April 20 10am-1pm in Partnership with the Cayuga County Health network.

Panera Bread preschool fundraiser-April 30th from 4-8pm-say you are with the Y preschool or use code FUND4U at check out

June 1st-Courtney memorial basketball camp from 9am-1pm in A-Gym

Motion: Bob Scarbrough approve new Bylaws Approved Unanimously

Casey Park Pool-July 8-August 16th

Received a few grants from the Youth Bureau-\$3,000 scholarships for Stingrays and \$1,000 for equipment and almost \$2,000 to partner with the City of Auburns Rec Dept to provide Free Swim lessons at Casey Park in the summer

Downtown Auburn Mile-Laura applying for the permit and working with the city and sponsorships

BTR scheduled for July 20th has over 200 cyclists registered.

# YMCA of Central New York: Cheryl Pusztai

How to help the community to see and utilize the Y as a "third space" where children do homework, etc.

Introduced new Administrative Assistant, Denise Guzewicz

Fire lane 19: Workplan documents were distributed through email on 4-16-2024.

# Membership:

Factors, circumstances for cancellations and changes (family to individual, etc.). Ray McKee asked how (if) this affects membership numbers provided. Additional reporting may be requested for the future.

Motion: Bob Scarbrough

Move to go to executive session at 6:25pm

Second: Chris White

Respectfully Submitted, Denise Guzewicz Auburn YMCA
Finance Committee Meeting April 9, 2024
4:30pm at the Auburn YMCA 1<sup>st</sup> Floor Conference Room
Also available via Zoom

Committee Attendance: Anne Marie Smith (zoom), Marie Nellenback (zoom), Ray McKee (joined by zoom @ 4:41pm),

Excused: Bob Scarbrough

Staff Attendance: Cheryl Putzai (zoom), Amy Wallner (zoom), Michael Barrigar, Denise Guzewicz

# 4:32pm Call to Order by Marie Nellenback

- I. Consent to approve agenda and Meeting minutes for March 26, 2024 Meeting:
  - a. Motion to accept minutes, made by Anne Marie Smith, Seconded by Marie Nellenback
  - b. Approved Unanimously
- II. March 2024 Dashboard and Statement of Activity
  - a. Revenue for the month is \$278,728 while expenses are \$237,960 which resulted in a surplus of \$40,768.
  - b. Revenue for the month of March 2024 was under budget due to the following:
    - i. Contributions for our Annual Support Campaign lags slightly behind, contributions exceeded budget thanks to a generous contribution towards Camp Projects in the amount of \$7K. Foundation revenue is isolated to an annual receipt of Dorothy George Trust. Although our monthly Foundation revenue is underbudgeted; it is surpassed year to date. Last Year the YMCA recognized \$125K YTD from Emerson Foundation and Stanley Metcalf Foundation.
    - ii. Special Events, and Rental Revenue, \$50 noted represents the application fee for the Auburn Downtown Mile. This fee occurred in February of last year. Pool rental is \$1,192 and is related to Coast contract, budgeted \$990 but under Contracts and Grants.
    - iii. Contracts and Grants are on track. Preschool contract is within 99% of the \$64,500 budgeted. March 2024 for this category includes Coast contract of \$990 and \$2K of St. Agatha Grant dollars. Currently this revenue is in the Deferred Revenue account and we anticipate to recognize revenue adjust dollars from Deferred Note, last year thee was over \$74K in OCFS Grant dollars recognized in addition to \$20K from St. Agatha Foundation.
    - iv. Program revenue success is driven by SACC performance. Auburn YMCA SACC site was up \$6,922 and Weedsport was up \$1,406 over budget for the month.
    - v. Investment Income posts interest income from Tompkins Trust Accounts specifically our Savings Account and our Maintenance Reserve Account and is on par with 2024's budget. A transfer of \$30K from the General Endowment account into our operating account occurred as budgeted.

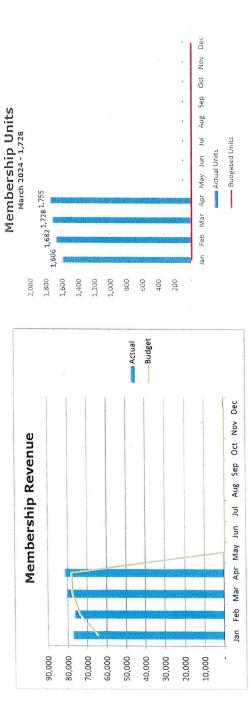

- d. Additional notations made by Michael Barrigar
  - 1. The AR Pool Pump Project is complete but not all costs are recognized or received as of yet. There is an invoice for plumbing that is not yet received and we need to capture any direct labor hours involved in this project by YMCA facility's staff.
    - 2. Active Training is to occur 4/15/2024. This is a major training date.
- e. Floor open, no questions or objections regarding March's submitted financial reports.

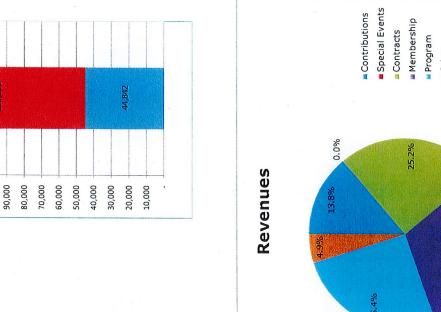

Meeting adjourned at 4:49pm

		A majority of the \$7,947 variance in this category is related to Camp. \$5,000 for C recognized. This is a timing issue. Please know that there is a private donor continuation.	Camp contribution was budgeted for April but no contribution was irbution of the same amount recorded in May.

Contracts and Grants Auburn YMCA has OCFS grant dollars, received	1. If the control of
Auburn YMCA has OCFS grant do	11 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1
1	dollars, received last year, and parked on the balance sheet. We did spelld allu recognize Just over 32,000 of Octs glain
dollars for the month of April hot	not as much as anticipated.

Program Revenue success is driven by SACC performance. Auburn YMCA SACC site is up \$8,538 and Weedsport was up \$1,406 over budget for the month.	gram Kevenue Youth and Adult Swim revenue was not budgeted for April but we recognized \$5,650 in April. This is a merely a timing issue.
month	

Membership continues to outperform budgeted numbers. April membership tally: 3,102 total members supported by 1,755 units.

Membership Fees

Investment Income	Investment Income posts interest income from Tompkins Trust Accounts specifically our Savings Account and our Maintenance Reserve Account and is on	
	par with 2024's budget. A transfer of \$30K from the General Endowment account into our operating account occurred as budgeted.	

# Expenses

Salaries, Benefits, and	Salaries and Benefits below MTD budget. Payroll Tax include Workers Comp, Disability, and Unemployment Insurance. We recognized a credit to in April
Payroll Taxes:	towards our UI account from fraudulent claims previously filed. Our YTD Productivity ratio is 62.0%. Our overall Budgetary Productivity Ratio goal was to
	achieve less than 68.0%. We have experienced four straight months below this target.

YTD Professional Services are just under anticipated budget.

**Professional Svc** 

Supplies and Occupancy	
	YTD Variance for both Supplies and Occupancy continue to reciprocate eachother. I was unable to devote time and effort to analyze this specific issue.
	Utilities and Liability expenses are the major items listed under Occupancy category and they are accurate. Repairs and Maintenance are under this category
	as well. Repairs for April included a fix to the ceiling above the Emerson pool and repairs to the railings along the side walk near the front entrance.

# YMCA Building & Risk Meeting Minutes

YMCA CEO Conference Room May 8, 2024

Attendees: Charlie W., Amy W., Andy T., Jeff M., Jeff H., Chris W. (Chair)

Absent: Bob S., Ray M.

On May 8, 2024 the Building and Risk Committee met in the CEO Conference room at the YMCA the meeting was called to order at 5:02 PM with six members in attendance.

# **Discussion Topics:**

- 1. **New HVAC Unit** Jeff H. gave an update regarding the current state of the new build of the HVAC unit. The unit will potential be ready for install mid-June 2024. Many logistics need to be discussed prior to the install. There was a past concern about the down payment to the builder which is the responsibility of Siracusa Mechanical and must have been made because the builder would not start the job unless the down payment was made.
- 2. AR Pool roof insurance claim the process is working its way through the insurance adjusters and engineers. It is a process and will take a while to complete. Jeff H and Mike B have been working closely together to the get the process finished. Jeff informed the committee that the new roof/membrane does not appear to be properly installed as there is a 1"gap around the perimeter of the roof which allowed air from a wind storm to get under the membrane causing the separation between materials. It was also stated that a vapor barrier was to be installed during the build which was not done. Jeff provided pictures of the roof drain and the installation of the roof system. Those photos are available upon request. It was recommended that Delmonico Insurance be contacted to advocate for the YMCA and this case.
- 3. Camp Y-Owasco cabin roofs Three RFB's (as per our by-laws) were received from local contractors to repair/replace the roofs on 20 cabins at Camp Y-Owasco. The lowest bid came in from contractor "Honey Do List" at \$35,661 (all cabins, 2 lodges and the bathhouse). The new roofs will be metal and all the moss will be scraped off were needed. This does not include the main A-Frame building. A color of the roofs has to be determined whether it is brown or green. Amy was looking for a recommendation from the Finance committee to approve the \$35K in spending for the roof repair. Amy stated that the YMCA did receive two \$5k donations from two YMCA families to help pay for the roof repair. The work on the 20 out building should be completed prior to the start of summer camp. We also discussed the A-Frame which needed a few roof patches which were completed. Further repair to the A-Frame roof will be had in the future.
- 4. AR Pool leak The AR pool has a leak on the North side of the pool. The pool has settled over the years and has created a leak. The upper side pool wall is bowing outward causing the leak. The leak started as a drip and over the years has gotten worse. The leak is not a steady stream but its real close. Jeff has contacted several pool service companies and "Clean All" located in the Syracuse area is the only company that can help us. YCNY also uses this company. Clean All will do some testing to determine where the leak is coming from which will cost approx. \$3K. The pool will need to be shut down and the pumps turn off while the dye testing is conducted. The work will be conducted in three stages to complete the work. Beardsley Architect & Engineers has been contacted and observed the situation to ensure the pool is structurally

- sound, there is no danger in any aspect regarding this leak. Stage 1 should be conducted within the next couple week and pool down time shouldn't be more than a couple hours.
- 5. Emergency Stops Code requires any hot tub or pool have a emergency stop button installed in proximity of the pool (which needs to be within 5 feet of the pool). Emergency Stop are installed to reduce existing hazards to a person or operating equipment. The pool pumps have about 75lbs of pull force which could result in physical injury or death to a person. Saxton Electric has been contacted to complete the job which should cost approx. \$3.5K and should be completed by the end of the month.

Next meeting will be held June 4th at 5:00PM in the CEO Conference room

Meeting adjourned at 5:58PM

Respectfully Submitted Chris White (B&R Chairman)

# Auburn YMCA-WEIU Governance Committee Minutes April 23, 2024 Meeting – 4:30pm – 5:30pm

The Governance Committee meet on April 23, 2024 at 4:30pm. We discussed the following:

- 1. New Board Members Charlie Wallace/Chris Courtney/Chris Maher/Doug Tomandl Discussion and decision was to move forward to full board for approval.
- 2. Committees New committees will be as follows according to the updated bylaws:
  - (i) Executive
  - (ii) Governance
  - (iii) Finance, Audit and Investment
  - (iv) Building and Risk Management
  - (v) Fund Development New

Note – Eliminated HR/Camp/Membership & Marketing – will need to move board members to new committees – review list of board members currently on committees. Combined Investment into Finance and Audit. Request will be discussed and finalized after next board meeting.

- 3. Committee Charters Working on standardizing comissions for all committees by June meeting–Bob will work to deliver drafts to each committee chair.
- 4. 3rd Retreat April 27. 2024 7am 10am Currier. This session was scheduled to be focused on Fundraising and Philanthropy With Mary Kay Polston
- 5. Off Agenda none
- 6. Meeting adjourned at 5:38pm

# **New Board Members Short Bios**

**Doug Tomandl** - Assistant Superintendent for Management, Regional Services, & Finance – BOCES

Local business owner, involved in supporting youth sports with his wife and three boys. Has been in the community for several years and sees a unique opportunity to expand partnering with BOCES and local school districts.

Charlie Wallace – Retired President/Owner, VIP Development Associates, Inc. Board member of Skaneateles Community Center, Board member of Skaneateles Recreation Community Trust, member of Auburn YMCA Building and Risk Committee. Former Auburn YMCA Board President. Charlie sees an opportunity to work on building the community focused center at the Auburn YMCA.

Christian Maher – Auburn Enlarged City School District –Director of Health, PE, and Athletics. Chris received his Masters from SUNY Cortland and has worked in education at Valley Central, Hamilton, RFA, and Weedsport along with Auburn. He is always focused on making that concerted effort to be at events throughout his career supporting the students.

Christopher Courtney – long time Y supporter, father was past CEO of Auburn YMCA. Lives in Victor, NY. Partner with New York Life Insurance Company. Runs multiple charity events to support the Courtney/Komanecky Scholarship fund for Auburn High School seniors. Has passion for engaging and understands the commitment. Family still in Auburn area.

# Auburn YMCA – WEIU Board of Directors Resolution Authorizing the Development of a Master Plan and Conditions Assessment of the Auburn YMCA

Motion Approved Unanimously: May 21, 2024

The Auburn YMCA – WEIU Board of Directors approves Robert Scarbrough, CVO and the Building and Risk Committee to develop and implement a conceptual Master Plan and to execute a Conditions Assessment of the Auburn YMCA facility. This process for our YMCA must solicit the input of the board, staff and key community stakeholders. The Auburn YMCA – WEIU is intent on strengthening its ability to achieve its mission, vision and values by assesing and planning for the future of the YMCA and its ability to deliver for the community the best facilities possible to meet our mission, vision and values.

That the board approves Robert Scarbrough, CVO and Building and Risk Committee to work with Gro Development to achieve the Master Plan and Conditions Assessment.

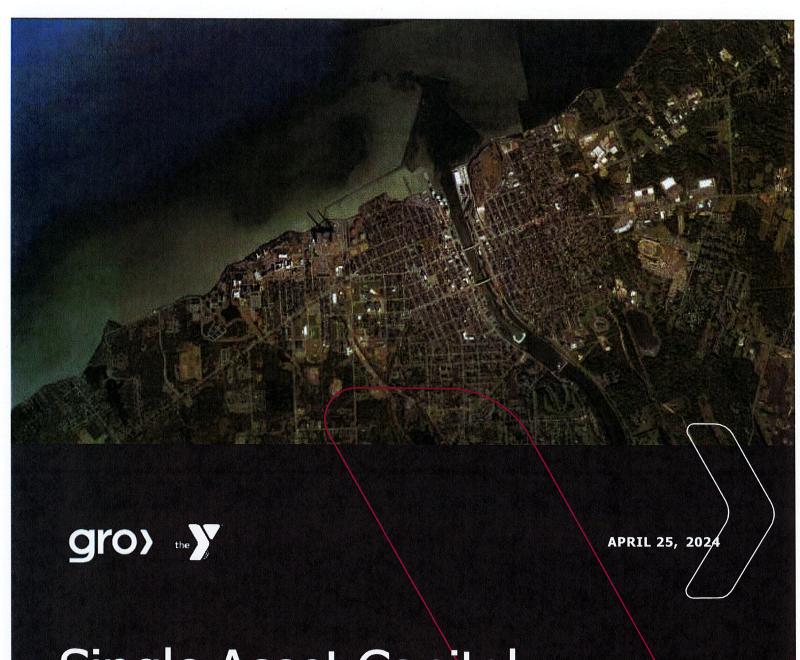

Gro Development – Master Plan - \$46,000

The plan will reaffirm the Auburn YMCA – WEIU mission by establishing a clear understanding of the "state of the Auburn YMCA facility" and provide a look in to the future of what our YMCA facility could be in the future for our community.

The committee will recommend a plan, approved by the board and implemented by staff and board, for thinking and acting strategically across the organization, aligning programs and operations with the higher organizational strategies of the YMCA.

Auburn, NY

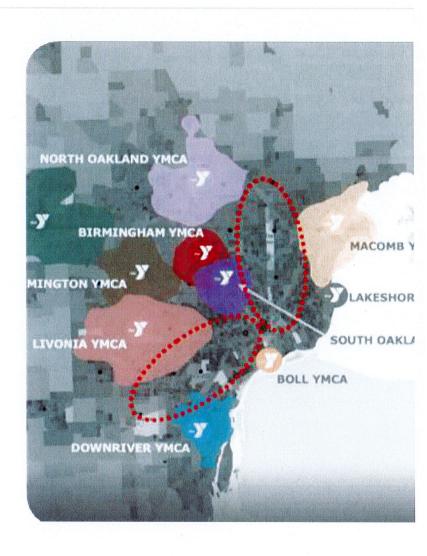

# Working to support & serve Ys as they seek to advance their reach, growth, impact and sustainability

Gro is a firm of domain experts comprising a best-inclass team formed to advance the built environments that are the nation's YMCAs.

The firm offers professional services in architecture and design, real estate and facility development advisory, interiors and the branded environment, and facility management and procurement. Gro is positioned as the defacto facility department of the national Y, modeling similar in-house departments or units of some of the nation's largest multi-unit hospitality and service enterprises.

Gro's team is an assembly of professionals stemming from these same enterprises, who are matched with senior executives from the real estate and facilities departments of the nation's largest YMCAs. Gro formed in 2014 at the encouragement of the YMCA of the USA, the largest membership-based charitable not-for-profit in the country.

The firm and team that are Gro exist for the sole purpose of serving Y's like the **Auburn YMCA**, as they seek to envision, scope, and affect much good from each of their capital investment initiatives

# Single Asset Capital Investment Studies (SAS)

# **ABOUT THE STUDIES**

A Single Asset Capital Investment Study ("Single Asset Study" or "SAS") resembles a REDAOS in scope and duration, but rather than understanding the inter-related nature of a multi-branch portfolio of YMCA assets, the SAS focuses on one asset in isolation and delves more deeply into the political and partnership dynamics though which action would be implemented.

Through a Single Asset Study, YMCAs are apprised of a recommended course of action relative to a myriad of development and reinvestment opportunities, best positioning the Owner/YMCA for greatest yield in any development or transaction and best positioning the Association for expanded program and service delivery and general relevance.

A variety of development scopes, locations, and scenarios—both on-site and off-site—are considered, and partnerships contemplated, with these options anticipating a range of outcomes that may include acquisition and renovation of an existing facility, redevelopment of an existing facility (on-site), relocation to a potential new location (off-site) and other options that may emerge in the course of this analysis. In all considerations, the SAS guides the YMCA toward realization of highest and best use of its real estate asset.

Single Asset Studies consider a series of potential YMCA real estate asset management and development decisions which, when implemented, manifest the recommendation of the Study and their respective anticipated outcomes relative to real estate asset leverage, program and service delivery, operational sustainability, and community engagement.

The scope of work for a Single Asset Study typically involves two to four months of research and analysis, resulting in a dynamic framework for capital redevelopment or investment, to position a YMCA for the next era of service.

The following pages also summarize Gro's work in REDAOS, Real Estate Development and Asset Optimization Studies, wherein the focus is on not only vetting and recommending a course of action relative to the opportunity to continue and enhance a YMCA presence in a respective Center's primary market area (PMA)—very much akin to a Single Asset Study—but also in offering advice and counsel to the Owner as to the optimal sequencing of multiple capital investment projects over a multi-year real estate asset stewardship and investment horizon.

# **Project Approach**

The **Auburn YMCA** ("Owner") has an opportunity to advance, evolve and/or reinvent its real estate platform for reach, growth, impact and sustainability in its service area.

The YMCA provides a mix of programs and services to Auburn and the surrounding community, in both general wellness membership and programming.

The Auburn YMCA facility, initially built in 1939, has not benefitted from a comprehensive capital investment for two decades. As such, it no longer represents the best-in-class, modern thinking that a state-of-the-art YMCA supports and manifests.

As the residents of Auburn and the surrounding region continue to emerge and recover from the pandemic, the Auburn YMCA has wisely shifted its interests toward becoming more of a partnership-driven organization. In doing so — as a location-based service provider — the YMCA would better position itself to further strengthen the local safety net by co-locating with synergistic entities.

The time is ripe to examine the suitability of the current building, site, and location for the next generation of service, and to envision what an optimized facility would look like. To sufficiently do so, the YMCA requires a forward-looking, data-driven strategic framework to guide its capital investment by, in part, comparing its current facility to other possible sites or alternatives.

Of additional interest in this study – outside of the typical scope of the study of membership and program opportunities – would be the opportunity to re-imagine the YMCA's role in childcare for the region. Gro will work with the YMCA and its partners in the community to verify the depth of need and offer opinions on recommended quantity (number of locations) and type (stand-alone or membership center adjacent).

We envision a multi-step process toward establishing the capital investment framework that will guide the YMCA into the next several decades, and in this first step, the YMCA would commission Gro to perform a Single Asset Capital Investment Study.

# SINGLE ASSET STUDY

**The Study methodology** will entail existing conditions assessment, research, community partner and city agency interface, data analytics and the formation of alternative development models. Methodology will lead to identifying various means of optimizing and leveraging real estate assets, both in program and service delivery and as equity in land value or development right to be activated.

**The Study outcomes** will provide recommended direction, to be identified from multiple possible scenarios for development or redevelopment, taking into consideration such comparable metrics as: yield, cost in development, growth in engagement in service, resulting net operating position and general goodwill in community positioning.

# Assessment Of Existing Center / Asset Performance Phase

Duration: up to 4 weeks, in part concurrent

## **PRIMARY OBJECTIVES**

In Phase 1, Gro ascertains the compatibility and performance of the Subject Location relative to the YMCA's opportunity to serve the community via membership offerings, programs, and general reach and impact into the community.

Additionally, the viability of the current site for programmatic and administrative needs—in addition to or in lieu of membership—will be assessed.

The work of this phase of service will dovetail with any facility audits and deferred maintenance funding studies currently on hand, or earlier carried-out by the Association and will, additionally, assess the financial performance of the Subject Location.

#### **TASKS**

- a. Assemble and analyze existing conditions materials, reports, documents and data for the respective Subject Location, including site/plot plans and site surveys, zoning assessments and latent development potential, any environmental reports, facility audits, and existing conditions plans and related construction documents, and
- b. Summarize and incorporate tours and physical observations of the existing membership center, and
- Assist the YMCA in facilitating a Broker's Opinion of Value for the existing Subject Location (if not already procured and where applicable), and
- d. Analyze market penetration, membership retention, facility utilization, and other metrics and diagnostics pertaining to market, membership and financial performance of the respective Subject Location.

#### MEETINGS

- One (1) on-site meeting for the purposes of touring the respective Subject Location and any alternative locations, as applicable, and providing a progress report with staff and volunteer leadership.
- When appropriate, meetings with community leaders, prospective
  partners and other stakeholders shall be scheduled to discuss the scope
  of potential YMCA capital investment decisions (all such meetings are
  coordinated with and under the direction and purview of the Owner).
- Other virtual meetings will be scheduled in cooperation with Owner as needed.

#### **DELIVERABLES**

A summary of geospatial and diagnostic analytics.

# Market Demand & Location Assessment Phase

Duration: up to 4 weeks, in part concurrent

#### **PRIMARY OBJECTIVES**

In Phase 2, Gro determines the relevance of the location of, and offerings available at, the Subject Location, relative to demand and perceived interest in YMCA membership, programs and other services in the subject asset's service area. We identify and consider the impact of like-service providers, and the interplay of the Association's other existing programs and facilities/real estate assets (if applicable), one to another.

## TASKS

- a. Collect and analyze demographic data for the primary market area for the subject membership center/real estate asset, and
- Similarly, collect and analyze demographic data for the primary market area for any considered alternative sites/locations, whether freestanding or identified with or by prospective partners, and
- c. Conduct an analysis identifying any anticipated impact of like service providers upon the anticipated market demand, and
- d. Consider market penetration rate analysis for the subject membership center and each potential development site, referencing the data above, while comparing also current market penetration rate, and
- e. Derive achievable membership participation levels, and corresponding revenue projections, as appropriate, for the subject membership center and alternative development scenarios, and
- f. As appropriate, engage with local/regional municipal agencies, partners and other stakeholders having insight into and/or jurisdiction over capital investment opportunities.

# MEETINGS

- One (1) meeting (tbd whether on-site or virtual) for the purposes of providing a progress report with staff and volunteer leadership.
- Alternatively, at the Owner's discretion, in lieu of a progress report with volunteers, one (1) working meeting with staff to review, discuss and advance a draft 50% work product.
- Other virtual or on-site meetings will be scheduled in cooperation with Owner as needed.

# **DELIVERABLES**

A summary of PMA analytics.

# **Asset Classification & Determination of Scope of Improvements Phase**

Duration: up to 6 weeks, in part concurrent

# **PRIMARY OBJECTIVES**

In Phase 3, Gro classifies the subject membership center relative to its investment class, and as warranted, determines the scope and development costs of all capital improvements necessary, if any, in each alternative scenario, to accommodate achievable performance and engagement levels.

Likewise, iteratively, and inter-related with the above, Gro makes recommendations on scale and timing for asset acquisition/occupancy and defines attributes and impediments to said development or acquisition scenarios.

## TASKS

- a. Classify the subject membership center and each potential alternative real estate development option relative to investment grade and recommended real estate asset management action, and
- For the Subject Location and each potential alternative development site, determine the scope of improvements necessary to accommodate achievable performance and engagement levels, and
- Prepare summaries of said scopes of improvement, with complimentary development budgets and proofs of concept/development concepts, and
- Represent these costs in a comprehensive probable budget for development, organizing said costs by option compared, in phases (sequencing) as warranted,
- e. Model the anticipated return on investment and development cost per unit of opportunity for the recommended improvements and development, and
- f. Evaluate and comparatively analyze the above, establishing a rank of interest of preference, comparing the existing membership center location with on-site and off-site alternatives, and
- g. Based upon the above and any known influences or matters of urgency, develop a recommended direction for investment, and a sequence of capital improvement initiatives at the study's subject YMCA membership center and alternative real estate site development options.

# MEETINGS

- One (1) meeting (tbd whether on-site or virtual) for the purposes of providing a progress report with staff and volunteer leadership.
- Alternatively, at the Owner's discretion, in lieu of a progress report with volunteers, one (1) working meeting with staff to review, discuss and advance a draft 80% work product.
- Virtual or on-site meetings will be scheduled in cooperation with Owner as needed.

## **DELIVERABLES**

- · Detailed analysis of the attributes and qualities of the Subject Location
- A draft summary of possible capital investment positions
- A preliminary projected/draft Capital Stack (as applicable).

# Formulate Real Estate & Facility Development Direction Phase

Duration: up to 4 weeks, in part concurrent

## **PRIMARY OBJECTIVES**

In Phase 4, Gro delivers a final recommended Single Asset Capital Investment Program most appropriate and necessary to achieve the program and service delivery objectives, and operating and performance models, for the YMCA related to the identified existing membership center and real estate site development options in the service area of the respective Subject Location.

#### TASKS

- a. Determine for the Subject Location and any alternative real estate site development option the final scope of facility and site improvements necessary to achieve stated operational objectives in growth and/or efficiency.
- b. Formulate a final likely capital stack for each asset optimization opportunity, with the Supplemental Funding Sources considered in populating the capital stacks to include (a) prospective public grants, (b) New Markets Tax Credits, (c) partnership contributions and (d) asset reallocation in addition to traditional funding sources of (1) capital fundraising and (2) debt financing.
- c. Formalize an opinion for the existing subject membership center and each alternative site development option regarding its application or relevance within the Owner's real estate portfolio, with such categories to include: a) invest, b) reinvest, c) maintain/hold, d) pair, e) acquire/pursue, or (f) divest, and
- d. Combine the above with the earlier completed financial performance and development cost modeling, resulting in a formalized real estate development and capital investment strategy, and
- e. Prepare final deliverables of the Program, making all necessary presentations to the Owner's key leadership and associated community leaders as deemed appropriate, and
- f. Transfer all final deliverables, work output, and products of service to the Owner for use in further socializing the Program, and for use in the Program's general advancement and execution.

#### MEETINGS

• One (1) meeting (tbd in-person vs. virtual) for the purposes of final presentation with staff and volunteer leadership.

## **DELIVERABLES**

 A final single-asset capital investment program including a final suggested capital stack framework.

# Data Requests & Exclusions From Scope Of Work

To add clarity, the following services and data are required for Gro's work in Phases 1 thru 4 but are not included in Gro's scope or fee:

- Generation of supporting market research on the market demand for membership and program offerings (as provided by a 3rd party research/data provider) for the Subject Location's Primary Market Area.
- Digital As-Built drawings ("floorplans") if not available from YMCA archives
  or working files, for the Subject Location (both current site and any
  alternative locations that may be the eventual position of a new YMCA if
  currently improved with a structure). If digital as-built documents are not in
  the YMCA's possession, Gro will assist (if requested) in identifying vendors
  to provide or a process through which to procure these items.

The following services and data are suggested (but not required) for Gro's work in Phases 1 thru 4 and are not included in Gro's scope or fee:

 Property Conditions Assessments (PCAs) are excluded from the Scope of Work and are not pre-requisite for this Study, but if detailed deferred/scheduled capital estimates are not currently onhand for the existing facilities, a PCA is advised if there is any realistic probability that some or all of an existing facility shall be salvaged/reused by the YMCA going forward.

Similarly, if any contemplated alternative new sites will provide an opportunity to assume ownership and occupancy/utilization of an existing structure, a PCA is strongly recommended. Depending on the nature of the partnership surrounding these alternative buildings and their availability to the Owner, would-be partners/grantors may reasonably be expected to share in the costs of these PCAs.

# **Workflow: SAS**

- Phase 2: Market Demand & **Location Assessment**
- Phase 3: Asset Classification & Determination of Scope of Imprvmt.
- Phase 4: Formulate Real Estate & Facility Development Direction

# gro>

Gro envisions advancing the YMCA's portfolio of community-based centers and real estate assets to be the most innovative, magnetic, inclusive, high-functioning and sustainable places for youth development, personal well-being and community engagement

# RESOLUTION

The undersigned secretary of Young Men's Christian Association & Women's Educational & Industrial Union does hereby certify that at a meeting of the Board of Directors of YMCA, ("Corporation") on 05/21/2024, at which a quorum was present and acting throughout, the following resolution was approved by a majority vote of the entire board:

RESOLVED, by the Board of Directors of Auburn YMCA, that a CEO Search Committee shall be formed to oversee the recruitment, evaluation, and selection process for the next CEO of the organization. Marie Nellenback will be the chair of the committee.

# The CEO Search Committee shall:

- 1. Comprise members appointed by the Board of Directors, representing a diverse range of backgrounds, expertise, and perspectives.
- 2. Be responsible for developing a job description and qualifications criteria for the CEO position, in consultation with stakeholders.
- 3. Oversee the recruitment process, including advertising the position, reviewing applications, and conducting interviews.
- 4. Conduct thorough background checks and reference verifications for shortlisted candidates.
- 5. Present a final list of recommended candidates to the Board of Directors for consideration and approval.
- 6. Collaborate with the Board of Directors in negotiating terms of employment and executing the hiring process.

**Further resolved,** that the CEO Search Committee shall operate in accordance with the bylaws and policies of Auburn YMCA and shall provide regular updates and reports to the Board of Directors regarding the progress of the CEO search.

**Be it further resolved** that the Board of Directors extends its gratitude to the members who have agreed to serve on the CEO Search Committee and expresses confidence in their ability to fulfill their duties effectively.
